COTTON MARKET.

Quotations furnished by E. F. Hutton & Co., members of the New York Stock Exchange and the New York Cotton Exchange, G. Bowie Chipman, manager, 180! F street northwest.

New York, July 28.—The local cotton market opened steady and unchanged to 4 points down, with trading on a small scale and mostly local. The weekly weather report was considered favorable. The spot market in the South was dull and lower. The August option is still in the hands of manipulators. There is talk of cotton being shipped back here from Liverpool for delivery in August, but unless prices work higher for this mouth we do not take any stock in this report. There will no doubt be a fight for control of the market. Greecipts at 25,660 last week and 10,285 last rear. Receipts at New Orleans were 1,390 bales, against 5,727 last week and 34 there is a last year, and at Houston, 2,316 bales, against 5 hast year, and at Houston, 2,316 bales, against 5 hast year, and at Houston, 2,316 bales, against 5 hast year.
